# CLIMATE TRANSFORMATION Summit 2022

2<sup>nd</sup> - 3<sup>rd</sup> June 2022

**Decarbonising Companies  
and their Supply Chains!**

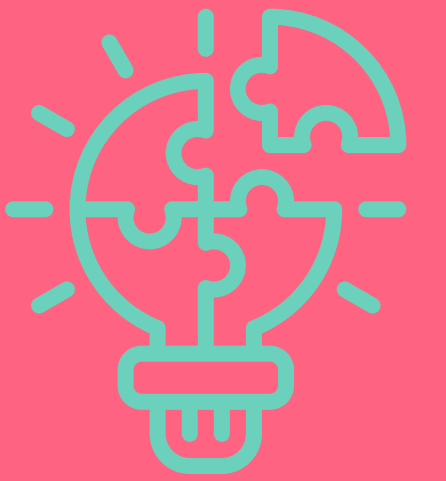

[JOIN AS PARTNER](#)

# The First Online Conference

## FOR BUSINESS CLIMATE TRANSFORMATION

### **The CLIMATE TRANSFORMATION Summit**

is the first 100% online conference that brings diverse experts, scientists and decision-makers from the field of business climate transformation together in interactive panels, workshops and a best practice exhibition.

### **Getting to action**

#CTS2022 addresses stakeholders of the climate transformation: corporate climate officers, chief procurement leaders and finance responsables as well as innovators from the industry. Together they accelerate the decarbonisation of companies and their supply chains.

**Be part of the Climate Transformation Community!**

# REVIEW #CTS2020 and #CTS2021

Prof. Dr. Claudia Kemfert | Economist

Dr. Jonathan Foley | Director Project DrawDown

Hannah Helmke | CEO right. based on science

Christian Kroll | CEO Ecosia

Dr. Linda Kannenberg | Leader CDP

Wilfried Gillrath | CEO LichtBlick

Celine Olesen | Leader CLIMEWORKS

Fridtjof Detzner | CEO Planet A

IKEA, Patagonia, WWF,

Nestlé, ThyssenKrupp,

...

# REVIEW #CTS2020 and #CTS2021

## THE CLIMATE TRANSFORMATION COMMUNITY

### Some Partners & Supporters

'The importance of thinking in terms of different futures has been demonstrated in order to open up a wider range of actions in the present.'

Stefan Bergheim,  
Zentrum für gesellschaftlichen Fortschritt

'I am enthusiastic, motivated and touched. Thank you for this great event.'

Harald Rettich,  
MyClimate

'Let's get together for a climate neutral economy. #CTS2020 Climate Summit - awesome, essential, more of it needed.'

Petra Cremer,  
IN:BALANCE  
TRANSFORMATION

# REVIEW #CTS2020 and #CTS2021

WITH BEST PRACTICE SOLUTIONS

Accelerate Climate Transformation

Digital Presentation of Climate Transformation Insights

Collected in the [Best-Practice Guide 2020](#) and [Best-Practice Guide 2021](#)

Solutions along 7 Impact Categories

Energy, Buildings, Production, Mobility, Food, Digital, Environment

# What Awaits You

## CLIMATE TRANSFORMATION Summit

In 2021, we not only review targets for a net-zero future.  
2022, we make their implementation in companies and their supply chain possible -  
together with the community.

# Transformation to Zero

## THE DECADE FOR CLIMATE ACTIONS

- what we implement now, shapes our future

**2021 was the year of climate transformation initiatives**  
**- 2022 is the year of implementation, along supply chains.**

- 1. 50% CO<sub>2</sub> Reduction** – To meet the 1.5° target, we need to halve global CO<sub>2</sub> emissions by 2030.
- 2. 2000 Companies** – are already setting net-zero targets. They need supplier engagement programs to cut emissions.
- 3. Implement Plans** – most emissions sit in supply chains, We need to act together to get actions going.

### **This will require:**

Climate alliances & partnerships

Knowledge transfer

Green-Tech Innovation

Transparent climate roadmaps

Climate Data in every scope

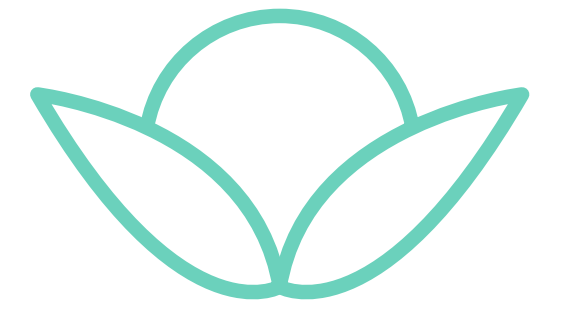

Transparent ESG-Ratings

Reliable calculations

# Your Transformation Partners

## FOR DECARBONISATION ALONG THE SUPPLY CHAIN

- find partners and grow together

### SPEAKERS & PARTICIPANTS

Climate officers, Procurement Leaders, Decision-makers

International innovators, implementing climate targets

Large companies and corporations, from various industries

- Best-Practices for Decarbonisation
- Climate Relevant Business Decisions
- Data for Climate Proof Procurement
- Climate transformation trends
- Exchange with climate experts

### WORKSHOPS & EXHIBITORS

*Suppliers of climate-friendly B2B products and services*

**Solution providers**, from relevant industries

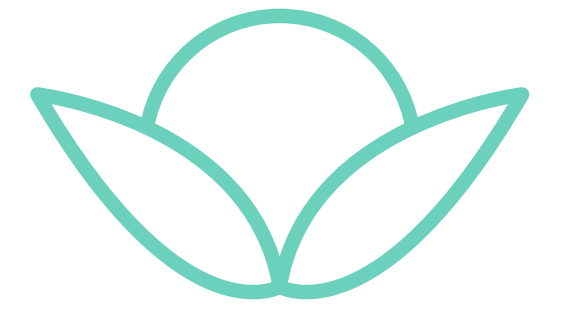

- Outreach to relevant target groups
- Showcase products & services
- Benchmarking
- Find new customers
